Patt 252 projector	2k	1		16.5			CP53	Have two rain discs

The technical manager must be informed of production lantern requirements two weeks before the get-in. Any remaining lanterns may then be hired out. If the technical manager is not informed by this time, the Theatre reserves the right to hire out any of the lantern stock. However, in most cases we will contact you if we wish to hire out any lanterns and will give you 24 hours to make your claim on them.
